About Adobe Animate CC

What is it and what can you make with it?

What is Adobe Animate CC?

A new age for animation.

Design interactive vector animations for games, apps, and the web. Bring cartoons and banner ads to life. And add action to tutorials and infographics. With Animate CC, you can quickly publish to multiple platforms and reach viewers on desktop, mobile, and TV.

The industry's leading animation toolset lets you create apps, ads, and amazing multimedia content that moves across any screen.
